THE ART OF USA MADE

Visions' offers an exclusive line of awards designed to satisfy even the most discerning taste, especially those looking for something unique and different. Many of Visions' designs are hand-crafted by artisans in the USA.

Our goal as a company is to provide a creative "work of art," with the option for a quicker turnaround time. Visions designs and manufactures its own products using the most vast and unusual array of materials, creating unique awards in-house using acrylic, wood, metal, and more.

Our USA Made awards are available when you need them.

These unique, fun, and creative awards are perfect for recognizing years of service, sales achievements, peer-to-peer recognition, and more! Our award-winning customer service is available to help bring your projects to fruition, including full access to our custom department for a truly unique award.

Stand out in the award industry and give clients USA Made awards that are unique, creative, and will help make their recognition program shine.

PROJECT
LYNK

GLASS ADD-ON
WITH LYNK TECHNOLOGY

DIGITAL PRINT
WITH LYNK TECHNOLOGY

THE ART OF RECOGNIZING PEOPLE

Visions is excited to announce Lynk Technology (Patent Pending); the ability to Lynk video and other sources to an award. Life has changed in so many significant ways, including more remote workers, the proliferation of social media, and the future of digital interactions. Project Lynk uses a combination of QR codes and Near Field Communication to create a tangible award with a virtual message.

IN PERSON EVENT WITH VIDEO MEMORY

At an in-person event, the moment of receiving the award happens so quickly! With Project Lynk, if the company records the event, the video can be linked to the award, allowing the recipient to re-live the moment. Teammates could share feedback acknowledging the accomplishment. The award recipient might choose to share the celebratory moment on social media.

DONOR RECOGNITION

The major donor will truly appreciate their donation when the plaque includes a link to a personal video from the charity acknowledging their donation and its impact. The video could include pictures of the results for a construction project or a website link to the donor list.

EMPLOYEE WELCOME AND ANNIVERSARY

Creating company loyalty and alignment with key values are critical to an organization. Many companies provide welcome kits or an annual award to recognize years of service. With Project Lynk, the welcome kit could have the CEO explaining the core values of the organization. For an annual award, the company would have the ability to include personal acknowledgment from a manager or peer that could be shared on social media.

DROP SHIP WITH A PERSONAL TOUCH

Many employees are reaching key milestones without an in-person event to celebrate. Imagine the recipient receiving an amazing award and using their phone to view a key executive acknowledging their achievement! Perhaps other employees acknowledge the award, as well, in a montage. Finally, the recipient can choose to share the award video on social media.

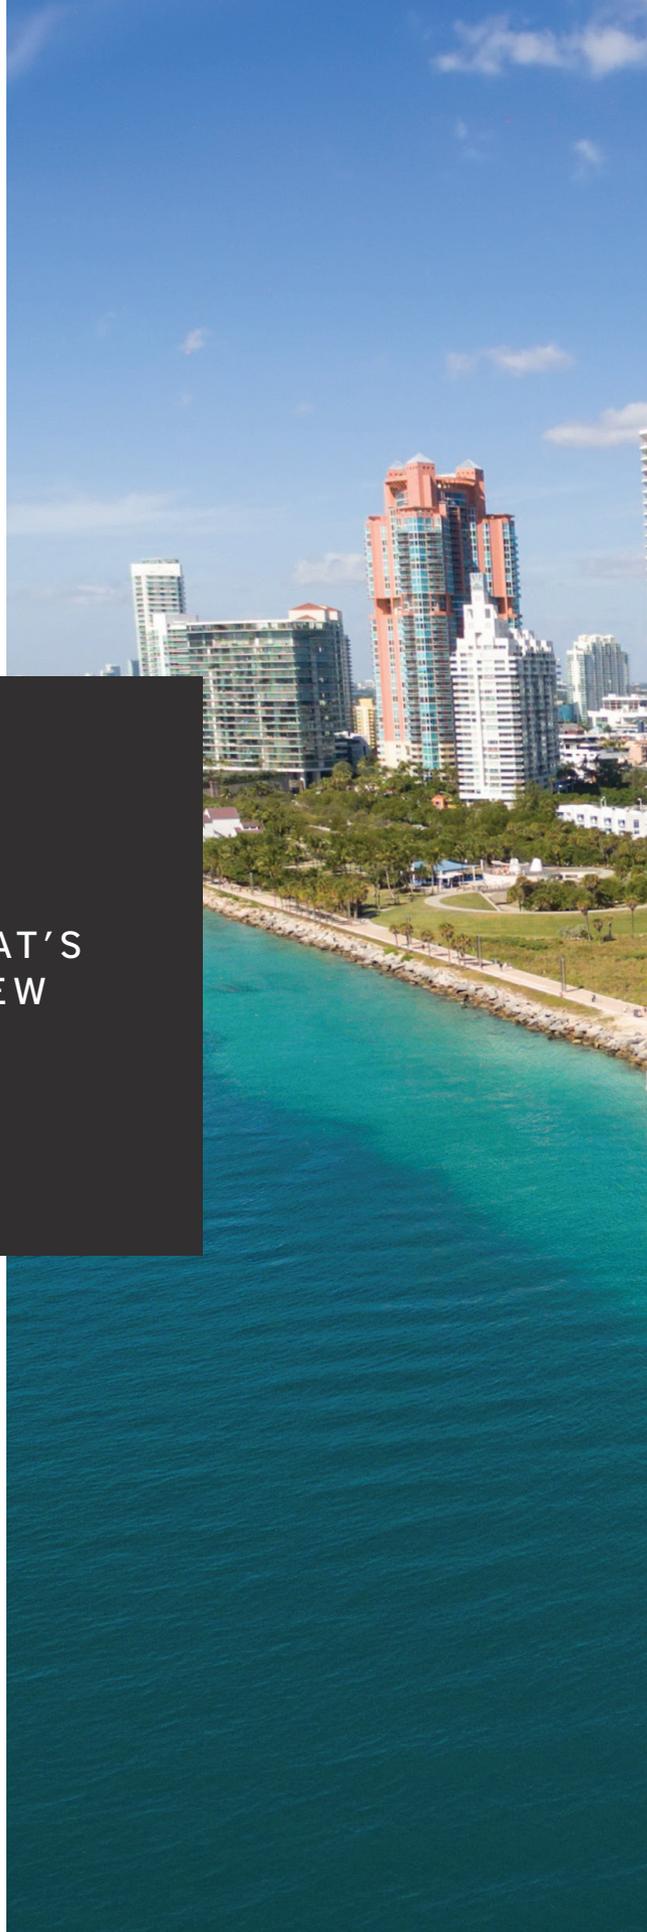

Reference page 13 - 14 for awards using Lynk technology.

SUCCESS STORY: NASCAR

NASHVILLE SUPERSPEEDWAY

In collaboration with Fast Forward Marketing, we had the opportunity to bring their designs to life and create awards for the Inaugural NASCAR races held at the Nashville Superspeedway. The uniqueness and intrigue of the design left everyone in awe, as it resembled one of downtown Nashville's glowing neon signs outside of their famous red brick live music venues. The worn wood track-shaped base has the look of the stage in these venues and brings together the theme of racing & live music. This USA Made award consists of a combination of materials including a wood upright enveloped in a full-color digital wrap atop a wood base. Acrylic and aluminum accents, with full-color digital print, also contribute to the sleek urban-styled award.

At Visions, we always look forward to opportunities that allow our creative team to run wild. This award is just one of many that showcase options that are limitless when it comes to USA-made awards.
