SUCCESS STORY: PROMOGIRL

NATIONAL AUTO CARE

We partnered with PromoGirl, a creative distributor with a unique project for their client, National Auto Care, who wanted to recognize its agencies that went above and beyond in sales with truly unique custom awards, with an Egyptian-themed design. Our talented team of artists designed a pharaoh's bust, crafted in resin, to fit the theme perfectly and symbolized those who have led the way to success.

The hand-carved mold was hand-painted with radiating colors to match the brand and theme. The pharaoh was then fastened to a crafted, rectangular, black wood base, and measured nearly 13" wide, with the logo showcased in full color on the black aluminum plate.

From concept to renderings, to the finished product, PromoGirl and Visions worked together to create a successful program, meeting all the ambitious creative aspects while staying within the financial and time constraints.

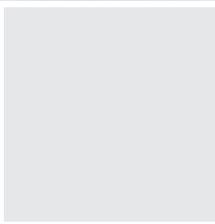

Visions designs and manufactures their own products, materials, and combines them to create beautiful, one-of-a-kind recognition pieces. Many of our designs are USA Made and are created at our facility in Ohio. Our team will help you find the recognition piece you are looking for. We supply a vast array of standard USA Made products and allow the opportunity for you to work with our custom department to provide you with the perfect piece.

“ 59% of employees would prefer companies with a rich recognition culture than jobs with higher salaries that don't give any recognition. ”

“
 Y'all knocked it out of the park... and given the short notice I can't thank you enough for your diligence and attention to detail in getting these special awards out to me expeditiously.
 ”
 - Pam

Visions has a variety of awards that showcase the uniqueness of each employee. We take your company's characteristics and create a recognition program that is custom to your employees' achievements. Increase productivity and profitability, enhance the overall work environment, and retain employees by recognizing accomplishments when it matters.

THE ART OF LIFE

A blue suspension bridge spans across a river, with a cityscape visible in the background under a sunset sky. The bridge's cables and towers are silhouetted against the warm, golden light of the setting sun. The water reflects the colors of the sky, and the city buildings are visible in the distance.

CONTINUE TO BUILD COMPANY CULTURE.

Create a positive work environment by continuously recognizing employees. Building a recognition program builds trust in the workplace, as employees continue to see that they are being noticed and acknowledged for their hard work. Whether it's being recognized for years of service, core values, or quarterly achievements, perpetual awards are a great system to continue to build company culture. Start and continue to recognize employees' milestones with one of our perpetual awards!
