---

Visions' exclusive line of awards is designed to satisfy even the most discerning tastes, especially those looking for something unique and different. Many of these designs feature multiple sizes, colors, or shapes that, while different, offer a cohesive collection of awards perfect for recognizing continual achievements.

As a company, our goal is to provide "works of art" that function as creative recognition pieces for all levels of achievement. Visions designs and manufactures its own products using a vast and unique array of materials to create unique awards that celebrate accomplishments and encourage professional growth.

Our unique, fun, and creative awards are perfect for recognizing years of service, sales achievements, peer-to-peer recognition, and more! Our award-winning customer service is available to help bring your projects to fruition, as well as establish and grow recognition programs with awards from our line, or a wholly unique design from our custom department.

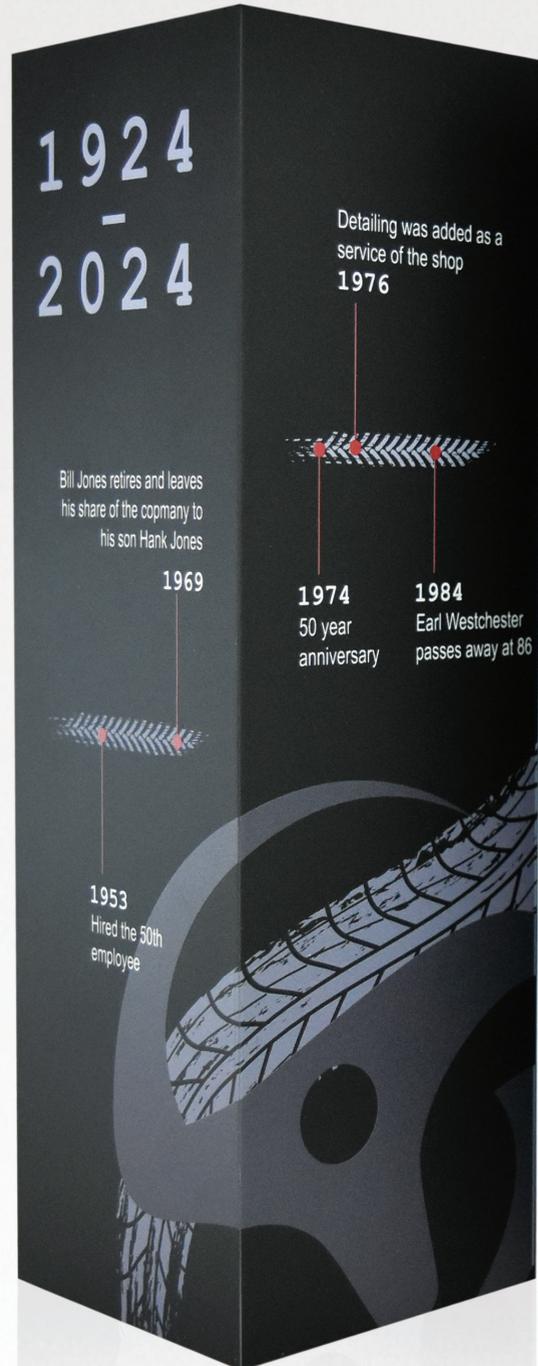

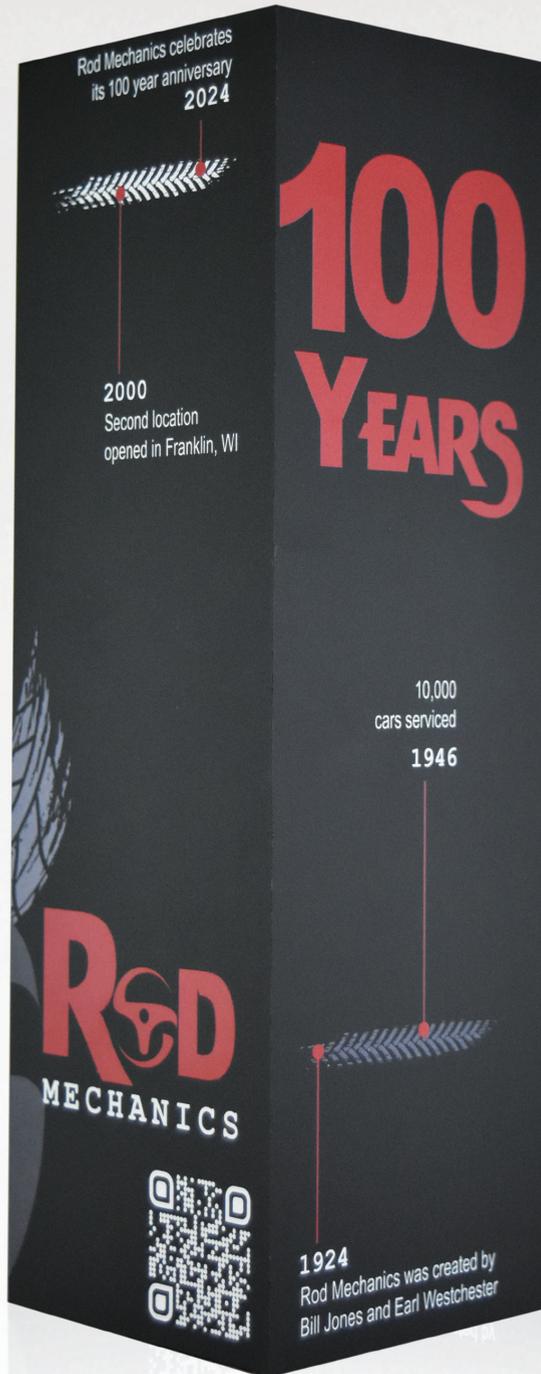

Stand out by providing unique awards from Visions that appeal to today's workforce and promote the achievement of professional goals.

## LYNK CASE HISTORY

Take a tangible award to the next level. Lynk technology gives the ability to link video and other sources to an award.

Years of dedication and hard work are not only shown by employees but also by the company itself. Case in point, an auto detailing company celebrating their 100th anniversary was looking for something unique and memorable to give to every employee to honor this momentous occasion. Visions' Elements 360, adored with a timeline of the company's history, was that unique piece they were looking for. The piece de resistance was a QR code that sent the scanner to a video featuring photos and clips of the employees throughout the years, and special moments in the life span of the company.

# SUCCESS STORY: BIOLIVE

## SALES RACE

We had the opportunity to design a wholly custom award series for a pharmaceutical company, BioLive. Wanting a set of creative awards for their annual company sales race, Visions' skilled team of designers put their innovative minds to work. The three awards for first, second, and third place have a space race theme. Imagery of spaceships at various stages of lift-off, symbolizes the rising sales of the company and the climb to first place.

These awards consist of various materials carefully hand-crafted and assembled in the USA. By utilizing multiple layers of acrylic, these awards have bright, full-color imagery, and visual depth, creating not just awards, but works of art. Being USA-made also allows these awards to be cost-effective without compromising on quality or creativity.

At Visions, we always look forward to opportunities that allow our creative team to run wild. Getting to collaborate with companies like BioLive allows this to happen. This award is just one example of the vast possibilities offered by USA-Made awards.

Visions designs and manufactures their own products and materials and combines them to create beautiful, one-of-a-kind recognition pieces.

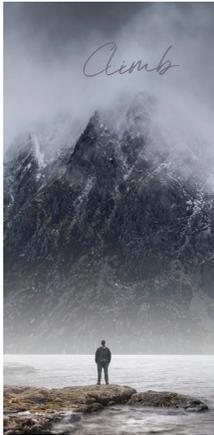

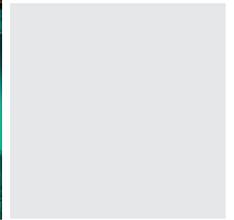

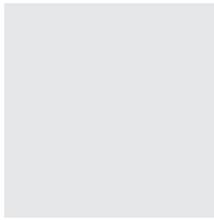

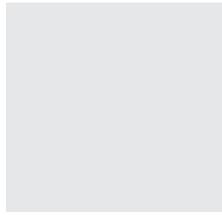

Many of our designs are perpetual and are created at our facility in Ohio. Our team will help you find the recognition piece you are looking for.

We supply a vast array of standard perpetual products and allow the opportunity for you to work with our custom department to provide you with the perfect piece.
