THE ART OF USA MADE

Visions understands the necessity to recognize accomplishments with innovative awards made with unique materials and a desire to push the limits of creativity. We work to offer an exclusive line of awards that satisfy this need for innovation and creativity.

Our goal as a company is to provide “works of art” that fit any recognition need, many of which are handcrafted in the USA. Visions designs and manufactures our own products using a vast array of materials to create tasteful awards that celebrate achievements and encourage professional growth.

Visions’ fun, artistic, and inventive awards are perfect for recognizing years of service, sales achievements, peer-to-peer recognition and more! Our award-winning customer service team is available to help bring your projects to fruition, as well as establish and grow recognition programs with awards from our line, or a totally unique design from our custom department.

Stand out by providing unique awards from Visions that appeal to today’s workforce and promote the achievement of professional goals.

LYNK TECHNOLOGY CASE HISTORY

Take a tangible award to the next level. Lync technology gives the ability to link video and other sources to an award.

Employee retention begins with recognition. A coffee shop noticed that their employee turnover rate was the highest it had ever been. To remedy this, they began a recognition program where employees were rewarded for their hard work. Visions' Fusion award, with Lync Technology, allowed the monthly award winner to have both a physical award to celebrate their achievement, as well as a personalized video message from their supervisor linked through the QR code printed on the award.

This consistent recognition and personalized message improved the culture and increased the company's employee retention.

This consistent recognition and personalized message improved the culture and increased the company's employee retention.

At Visions, we're continually pushing the limits and creating new and trend-setting awards. Our goal is to make sure employees and clients are recognized with top-of-the-line awards to promote accomplishments, specific milestones, and more. We have designed new, innovative awards that will make any recognition program or event stand out.

A photograph of a sprinter starting a race on a red track. The runner is in the foreground, leaning forward with arms extended, wearing yellow starting blocks. Lane numbers '1' and '2' are visible on white starting blocks. The background shows other runners and the track's white lane markings.

SUCCESS STORY

SUCCESS STORY: JAM PRINTING & PROMOTIONS CUSTOM MVP AWARD

We had the opportunity to create a fully custom award for marketing company, Jam Printing & Promotions. To lean into their music themed brand, Jam Printing & Promotions wanted an award that would both turn heads and celebrate their sales reps' achievements. Visions' talented designers put their minds to work to create a custom version of our MVP Attire award, an interactive desk piece that allows recipients to continually add accomplishments.

Designed in the shape of a guitar, this award is handcrafted in the USA. The award features materials such as acrylic and steel, allowing the guitar pick-shaped badges to magnetically stick to the face of the award as accomplishments are collected. Full-color imagery transforms this innovative award into a work of art.

At Visions, we relish the opportunity to push our creative limits. Getting to collaborate with companies like Jam Printing & Promotions allows us to do just that, while also showcasing the creative possibilities of USA-made awards.

Visions designs and manufactures our own products and materials and combines them to create beautiful, one-of-a-kind recognition pieces, many of which are USA-made at our facility in Ohio. Our team will help you find the recognition piece you are looking for. We supply a vast array of standard perpetual products and allow the opportunity for you to work with our custom department to provide you with the perfect piece.
