THE ART OF RARITY

Visions understands the value of individuality. That's why our exclusive line of awards is designed with the award's recipient in mind. Like the rarest metals and precious stones found in the earth, employees, clients, and peers are valuable—and deserve to be recognized as such.

SPIRIT AEROSYSTEMS

acrylic, aluminum, wood

Visions partnered with distributor Western Associates to create a series of awards for Spirit AeroSystems, who was looking for unique and creative awards to recognize their global employees' years of service. Each award's unique shape correlated with a different anniversary milestone—5 years, 10 years, 15 years, and more—symbolizing the unique paths of each of their employees.

Our talented designers utilized materials including acrylic, metal, and wood to create these unique, USA-Made awards.

UNIVERSITY OF TENNESSEE

cast resin, wood, aluminum

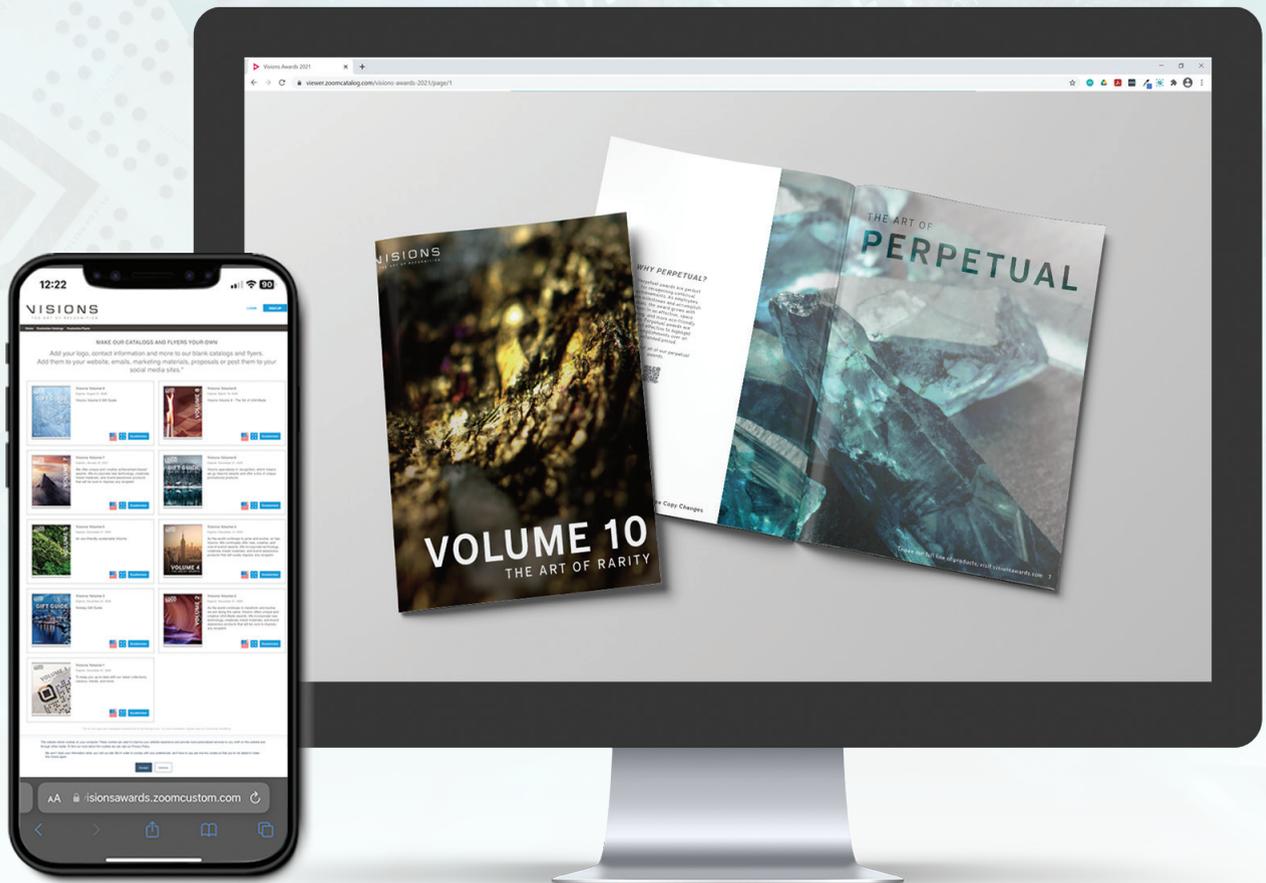

In collaboration with distributor Graphic Creations, we had the privilege of creating an award for the University of Tennessee Volunteer Leadership awards. The award features a cast resin figurine of the university's mascot, Smokey, where our artists hand-carved the intricate details of Smokey's fur, face, and clothing, to bring the university's vision to life. The detailed figurine is showcased atop a wood base, with the names of the University's leadership award recipients printed on the aluminum plate.

Our award-winning team excels in creativity and service, and we look forward to bringing visions to life.
